

# How to play Ancestors!

1. Each player is dealt 2 cards. The remainder of the deck is placed in the center.
2. The first player begins by calling on another player for a card that will help complete a set.
3. If the player that was called has the card, he/she must give the card to the caller. If the player does not have the card, the caller must take a card from the deck.
4. When a player completes a set, he/she must place the set on the table.
5. When all the cards in the center deck have been taken, the game is over and the winner is the player who has the most sets.
